Section 2. The undergrounding of facilities within these underground districts is in the general public interest because these streets are extensively used by the general public, adjoin a civic area, and pass through areas of scenic interest to the general public. In addition, it eliminates a heavy concentration of overhead distribution facilities in a scenic area. The addition of Steiner Street was not included in this Ordinance as originally passed on May 18, 1970, through an error of omission.

Section 3. All work in connection with the undergrounding of facilities lying within these underground districts and subject to the laws with reference to underground districts is to be completed as follows:

Underground Districts 289 and 290, to be completed by December 31, 1970; Underground District 291, Stage One to be completed by December 31, 1973;

AMENDING PART II, CHAPTER II, SAN FRANCISCO MUNICIPAL CODE (CITY PLANNING CODE) BY AMENDING SECTION 302 THEREOF, AMENDING THE DEFINITION OF INTERESTED PROPERTY OWNER, DELETING PROVISIONS GIVING EFFECT TO RECLASSIFICATION OF SET-BACK AND TEXT AMENDMENT PROCEEDINGS UPON PERMIT APPLICATIONS, AMENDING SECTION 306 TO INCLUDE APPLICATIONS FOR INTERIM CONTROLS AND ADDING SECTION 306.7 ESTABLISHING PROCEDURES AND STANDARDS FOR IMPOSITION OF INTERIM ZONING CONTROLS BY THE BOARD OF SUPERVISORS AND THE CITY PLANNING COMMISSION.

NOTE: Additions or substitutions are underlined; deletions are indicated by ((double parentheses)).

Be it ordained by the People of the City and County of San Francisco:

Section 1. Article 2 of Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by amending Section 302 thereof, to read as follows:

SEC. 302. AMENDMENTS. (a) General. Whenever the public necessity, convenience and general welfare requires, the Board of Supervisors may, by ordinance, amend any part of this Code. Such amendments may include reclassifications of property (changes in the Zoning Map), changes in the text of the Code, or establishment, abolition or modification of a set-back line. The proceedings for amendments shall be as specified in this section

and in Sections 306 through 306.6.

(b) Initiation. An amendment may be initiated by a motion adopted by the Board of Supervisors, or by a resolution of intention by the City Planning Commission, or, except for changes in the text of the Code, by application of one or more interested property owners, residents or commercial lessees or their authorized agents. A motion adopted by the Board of Supervisors, or a resolution of intention adopted by the City Planning Commission shall refer to, and incorporate by reference, a draft ordinance approved as to form by the City Attorney or a map showing the changes to be made in the Zoning Map or in a set-back line. An interested property owner is hereby defined, for the purposes of this section, as an owner of real property, a resident or a commercial lessee, that is either within the area included in the application or within a distance of 300 feet of the exterior boundaries of such area, or at a greater distance therefrom upon a showing that such property is ((where such property might be)) influenced by development currently permitted by this Code within the area.

(c) Determination. The City Planning Commission shall hold a hearing on the proposed amendment. If, following its hearing, the City Planning Commission finds from the facts presented that the public necessity, convenience and general welfare require the proposed amendment or any part thereof, it shall approve such amendment or part, and otherwise it shall disapprove the same. If approved by the City Planning Commission

in whole or in part, the proposed amendment or part shall be presented to the Board of Supervisors, together with a copy of the resolution of approval, and the Board of Supervisors may adopt such amendment or part by a majority vote. Disapproval of the proposed amendment or part by the City Planning Commission shall have the following effect, depending upon the type of amendment involved:

1. A proposed amendment or part that had been initiated by the Board of Supervisors to change the text of the Code shall be presented to said Board, together with a copy of the resolution of disapproval, and said amendment or part may be adopted by said Board by a majority vote.

2. A proposed amendment or part that had been initiated by the Board of Supervisors to reclassify property or to establish, abolish or modify a set-back line shall be presented to said Board, together with a copy of the resolution of disapproval, and said amendment or part may be adopted by said Board only by a vote of not less than 2/3 of all the members of said Board.

3. In all other cases, the ((action)) <u>disapproval</u> of the City Planning Commission shall be final, except upon the filing of a valid appeal to the Board of Supervisors as provided in Section 308.1 in the case of a proposed amendment or part that had been initiated by application to reclassify property or to establish, abolish or modify a set-back line.

(d) <u>Referral of Proposed Text Amendments Back to City</u>

<u>Planning Commission</u>. In acting upon any proposed amendment to the text of the Code, the Board of Supervisors may modify said amendment but shall not take final action upon any material modification that has not been approved or disapproved by the City Planning Commission. Should the Board adopt a motion proposing to modify the amendment while it is before said Board, said amendment and the motion proposing modification shall be referred back to the City Planning Commission for its consideration. In all such cases of referral back, the amendment and the proposed modification shall be heard by the City Planning Commission according to the requirements for a new proposal, except the newspaper notice required under Section 306.3 need be given only 10 days prior to the date of the hearing. The motion proposing modification shall refer to, and incorporate by reference a draft amendment approved by the City Attorney as to form.

(((e) <u>Effect of Reclassification or Set-back Proceedings Upon Permit Applications</u>. No application for a building permit on any property or for any other permit or license for a new use of any property, filed subsequent to the day that an application has been filed, a motion has been adopted by the Board of Supervisors or a resolution of intention has been adopted by the City Planning Commission for the reclassification of such set-back line thereon, shall be approved by the Department of City Planning while proceedings are pending on such reclassification or establishment or change of set-back line,

unless the construction and use proposed under the permit or license would conform both to the existing classification of such property or set-back line thereon and also to the different classification or set-back under consideration in those proceedings; provided that if final action on such reclassification or establishment or change of building set-back line has not been taken by the Board of Supervisors during the following time periods after the start of the proceedings, conformity to the different classification or set-back under consideration shall no longer be required:

1. Two years in the case of a city-wide or major sub-area reclassification as described in Section 306.3(b)2 of this Code;

2. One year in all other cases; and

3. In addition to the above time periods, the Board of Supervisors may by resolution extend such time for a further period of up to six months.

(f) Effect of Text Amendment Proceedings Upon Permit Applications. No permit or license for any construction or use which would be newly prohibited by an amendment to the text of the City Planning Code shall be granted or issued on or after the effective date of such text amendment. In the case of concurrent proceedings for both a text amendment and a property reclassification or establishment or change of a building set-back line as described in Subsection (e) above, the more restrictive requirement with respect to permits and licenses shall prevail.

(g) Subsequent Action. In any case in which a permit or license has been fully applied for prior to the taking effect of Subsection (e) above, or lawfully granted prior to the taking effect of Subsection (f) above, such application, permit or license shall continue to be valid provided it is pursued and exercised, and provided further that any construction or other action of the applicant under such application, permit or license is commenced and diligently prosecuted to completion.))

Section 2. Article 2, Part II, Chapter II, of the San Francisco Municipal Code (City Planning Code) is hereby amended by amending Section 306 thereof, to read as follows:

SEC. 306. APPLICATIONS AND HEARINGS. In case of an amendment, interim control, conditional use or variance action described in Sections 302 through 305 and 306.7 of this Code, the procedures for applications and hearings shall be as described in Sections 306 through ((306.6)) 306.7. In addition, the Zoning Administrator and the City Planning Commission may from time to time establish policies, rules and regulations which further define these procedures.

Section 3. Article 2 of Part II, Chapter II of the San Francisco Municipal Code (City Planning Code) is hereby amended by adding Section 306.7 to read as follows:

SEC. 306.7 Interim Zoning Controls. Interim zoning controls may be imposed by resolution of the City Planning Commission or the Board of Supervisors through the exercise of a legislative rule-making power subject to the procedures and

standards and for the purposes set forth in this section.

(a) Purposes. This interim zoning controls process is found and declared to be necessary to fulfill the purposes of this Code as stated in Section 101 herein. The Board of Supervisors and the City Planning Commission are hereby authorized to impose interim zoning controls to suspend temporarily the processing of certain applications for building permits and other land use authorizations which may be in conflict with a contemplated zoning proposal which the Board of Supervisors, the City Planning Commission or the Department of City Planning is considering or studying or intends to study within a reasonable time. The provisions of this section will allow time for the orderly completion of a planning study and for the adoption of appropriate legislation. Interim zoning controls are necessary to ensure that the legislative scheme which may be ultimately adopted is not undermined during the planning and legislative process by the issuance of permits authorizing the construction or demolition of buildings or the establishment or change of uses which will conflict with that scheme. In determining whether to impose interim zoning controls, the body imposing the controls shall consider the impact on the public health, safety, peace and general welfare if the proposed controls are not imposed, including, but not limited to, the public interest in the following objectives:

1. Preservation of historic and architecturally significant buildings and areas.

2. Preservation of residential neighborhoods.

3. Preservation of neighborhoods and areas of mixed residential and commercial uses in order to preserve the existing character of such neighborhoods and areas.

4. Preservation of the City's rental housing stock.

5. Development and conservation of the commerce and industry of the City in order to maintain the economic vitality of the City, to provide its citizens with adequate jobs and business opportunities, and to maintain adequate services for its residents, visitors, businesses and institutions.

6. Control of uses which have an adverse impact on open space and other recreational areas and facilities.

7. Control of uses which generate an adverse impact on pedestrian and vehicular traffic.

8. Control of uses which generate an adverse impact on public transit.

(b) Effect of Interim Zoning Controls Upon Permit Applications. A resolution of the Board of Supervisors or of the City Planning Commission imposing interim zoning controls shall incorporate by reference a draft ordinance approved as to form by the City Attorney and shall set forth the duration of the interim zoning controls. Once interim zoning controls are imposed pursuant to this section, and for the duration of the controls and any extension permitted by this section, no department of the City and County of San Francisco may approve any application for a building permit or for any other permit or license authorizing

the construction of any building or the establishment of any use unless the construction and use proposed would conform both to the existing provisions of the City Planning Code and also to the provisions of the draft ordinance incorporated by reference in the motion imposing the controls. Failure of the Board of Supervisors or the City Planning Commission to act on a proposed interim control within 120 days of its initiation shall be deemed to constitute disapproval. At any time after the first noticed hearing, in order to insure that the purpose for imposing interim controls is not undermined during the period when their adoption is being considered, the body considering the proposed controls may by majority vote issue an order directing the Zoning Administrator, the Superintendent of the Bureau of Building Inspection, and other permit issuing agencies to suspend action on applications which propose a use prohibited by the proposed interim controls pending final action on the controls; provided, however, that such order shall not apply to applications filed more than 60 days before the first noticed hearing and shall not prohibit action on applications which would otherwise be deemed approved during the period of such suspension pursuant to Government Code Sections 65950-65957.1.

(c) Interim Zoning Controls Imposed by the Board of Supervisors. The procedure set forth in this section shall govern the imposition of interim zoning controls by the Board of Supervisors. The Board of Supervisors may initiate the procedure by adopting a motion by majority vote which refers to the

provisions of this section authorizing the interim zoning controls process, incorporates by reference a draft ordinance, approved as to form by the City Attorney, and directs the Clerk of the Board to transmit within two business days or within a reasonable time the motion and the draft ordinance to the Director of Planning for environmental review. The Director of Planning shall conduct environmental review according to the procedures set forth in subsection (d). The Clerk of the Board shall schedule a hearing on the proposed interim zoning controls before an appropriate committee of the Board or, if the Board directs by motion, before the full Board of Supervisors. The Clerk shall schedule the hearing so that it is conducted no later than 20 days beyond receipt of notice of the completion of environmental review, unless directed otherwise by motion of the Board. The committee of the Board or the full Board may conduct the hearing required by this subsection prior to the completion of environmental review, but shall not recommend or approve imposition of the proposed controls until environmental review has been completed. Notice of the hearing shall be provided in accordance with the provisions of subsection (g). If the hearing is conducted by a committee of the Board, the Clerk shall schedule the matter for the next regularly scheduled meeting of the Board after the committee has voted to recommend for or against adoption of the proposed controls. The committee shall report to the Board a summary of the matters presented at the hearing and its recommendation. The Board of Supervisors may

adopt a resolution imposing interim zoning controls by a majority vote. Any hearing scheduled before a committee or before the Board to consider the imposition of interim zoning controls may be continued for further consideration to another date upon the notice required for the hearing of matters before that body.

(d) Environmental Review. The provisions of this section shall govern the environmental review process conducted by the Director of Planning upon initiation of the interim zoning controls process by the Board of Supervisors.

(1) The Director of Planning shall determine whether imposition of the proposed interim zoning controls is excluded or categorically exempt from CEQA. That determination shall be made in writing and transmitted to the Clerk of the Board of Supervisors within two business days or within a reasonable time of receipt from the Clerk of the Board. If it is determined that environmental review of imposition of the proposed interim zoning controls is required, the Director of Planning shall either prepare a preliminary negative declaration and publish notice of its preparation or inform the Clerk of the Board of Supervisors in writing that an environmental impact report must be prepared. The Director of Planning shall make the determinations and take the actions required by this subsection (d)(1) within 30 days of the receipt of the Board of Supervisors' resolution imposing the interim controls and the draft ordinance transmitted by the Clerk of the Board.

(2) If a preliminary negative declaration is

published and no appeal is filed within 10 days the Director of Planning shall transmit to the the Clerk of the Board of Supervisors written notification of that fact on the first business day following the tenth day.

(3) If a preliminary negative declaration is published and an appeal is filed within ten days, the Planning Commission shall, within 40 days of the date that the appeal of the preliminary negative declaration is filed, either affirm the preliminary negative declaration or overrule the preliminary negative declaration and order the preparation of an environmental impact report. The Director of Planning shall transmit to the Clerk of the Board of Supervisors the resolution of the City Planning Commission affirming or overruling the preliminary negative declaration on the first business day following its adoption.

(4) If the Department of City Planning or on appeal the City Planning Commission determines that an environmental impact report must be prepared before the imposition of the proposed interim controls, no work need be commenced for preparation of that document unless the Board of Supervisors adopts a motion by majority vote, authorizing the preparation of that document. The Clerk of the Board of Supervisors shall transmit a copy of that motion to the Director of Planning, who shall prepare or cause to be prepared the environmental impact report. A final environmental impact report shall be prepared within 18 months after the transmittal of the motion authorizing

preparation of that document by the Board to the Director of Planning. If the Board votes on a motion authorizing the preparation of an environmental impact report and the motion fails, the interim zoning controls process shall terminate on that date. If the Board does not vote on a motion authorizing the preparation of an environmental impact report within 30 days of the date of receipt of notification that an environmental impact report is required, the interim zoning controls process shall terminate on the 30th day after receipt of such notification.

(5) Any time limits set forth in this subsection (d) may be enlarged by motion of the Board.

(e) Interim Zoning Controls Imposed by the City Planning Commission. The procedure set forth in this section shall govern the imposition of interim zoning controls by the City Planning Commission. The procedure may be initiated upon application pursuant to Section 306 of the Code by an interested property owner, resident, or commercial lessee as defined by Section 302(b) herein or by adoption of a resolution proposing imposition of the interim zoning controls by the City Planning Commission. Upon adoption of that resolution or receipt of the application the Zoning Administrator shall provide the notice required by Subsection (g) within 10 days. Within 30 days after the required notice has been provided, the Commission shall hold a hearing on the proposed interim controls. Upon completion of environmental review as required by applicable provisions of CEQA and the San

Francisco Administrative Code, the Commission may adopt a resolution imposing the interim zoning controls by a majority vote. Matters relating to environmental review which require a hearing may be considered at the same Commission meeting at which the Commission considers and acts upon the proposed controls, so long as environmental review is completed first. Any hearing to consider the imposition of interim zoning controls may be continued for further consideration to another date upon the notice required for the hearing of matters by the Commission.

(f) Ratification or Disapproval of Commission Action. Each proposed interim control voted on by the City Planning Commission and failing of passage and each interim control imposed by the City Planning Commission shall be forwarded to the Board of Supervisors, which may ratify or disapprove the action taken by the City Planning Commission. The interim controls imposed by the City Planning Commission shall remain in effect and be deemed ratified unless and until the Board of Supervisors disapproves the controls within 30 days of their imposition. If disapproved, the interim zoning controls shall be of no further force and effect. The Board of Supervisors may disapprove the action of the City Planning Commission only by a vote of not less than 2/3 of all the members of the Board, except that in the event that one or more of the full membership of the Board is disqualified or excused from voting because of an interest prohibited by general law or the San Francisco Charter, any such disapproval shall be by a vote of not less than 2/3 of all

members of the Board that are not disqualified or excused; provided, however, that in the event that a quorum of all members of the Board is disqualified or excused from voting because of an interest prohibited by general law or the Charter, the action of the City Planning Commission shall be deemed approved. In the event the Board disapproves the action of the Commission when the Commission has disapproved a proposed interim control, the Board shall, not later than its next regularly scheduled meeting, adopt the proposed interim control. In considering whether to ratify or disapprove Commission action, the Board shall consider the purposes and objectives set forth in subsection (a).

(g) Notice. Notice of the time and place of a hearing on interim zoning controls before the Planning Commission, the Board of Supervisors, or a committee of the Board shall be as follows:

(1) By publication at least once in a newspaper of general circulation in the City not less than ten (10) days prior to the date of hearing;

(2) By posting at the office of the Board of Supervisors and the Department of City Planning ten (10) days prior to the date of hearing; and

(3) By mail to the applicant or other person or agency initiating the proposed interim control; and

(4) By mail, at least 10 days prior to the date of the hearing, to the owners of real property within the area that is the subject of the proposed interim zoning controls when the controls would reclassify land or establish, abolish or modify a

setback line if the area is one acre or less, exclusive of streets, alleys, and other public property, using for this purpose the names and addresses of the owners shown on the latest citywide assessment roll in the office of the Tax Collector. Failure to send notice by mail to any such property owner where the address of such owner is not shown on such assessment roll shall not invalidate any proceedings in connection with the imposition of interim zoning controls.

(5) By posting notices on utility poles or lampposts on public sidewalks at least 10 days prior to the date of the hearing in the area that is the subject of the proposed interim zoning controls when the controls would reclassify land or establish, abolish or modify a setback line if the area is more than an acre but smaller than 30 acres, exclusive of streets, alleys, and other public property. To comply with this requirement, a notice shall be posted on at least one utility pole or lamppost in proximity to each street intersection in the area that is the subject of the proposed controls.

(6) Such other notice as the Clerk of the Board or the Zoning Administrator may deem appropriate.

Notices posted or published pursuant to the provisions of this ordinance shall contain a description of the general nature of the proposed interim zoning controls, and a description of the boundaries of the affected area if the controls would not be applicable city-wide, and the time and place of the hearing. The body imposing the interim zoning controls may not enlarge the

area affected by the proposed amendment or modify the proposed amendment in a manner that places greater restrictions on the use of property unless notice is first provided in accordance with the provisions of this subsection and a hearing is provided on the modifications. Notice may be provided pursuant to the provisions of this subsection (g) prior to the completion of the environmental review process.

(h) Duration. Interim zoning controls shall remain in effect for a period specified in the resolution imposing the controls. Such period may not exceed 18 months from the date of imposition of the controls. The body imposing the controls may extend the controls for a single six (6) month period subject to the hearing and notice standards of this section. When determining the appropriate duration of the interim controls, and any extension, the body imposing the controls shall balance the hardship on property owners if the controls are imposed against the detriment to the public if the controls are not imposed and shall also consider those factors affecting the time required to study the contemplated zoning proposal, such as the complexity of the problem, the need to hire consultants, and the area of study.

(i) Planning Study. Upon the imposition of interim zoning controls by either the Board of Supervisors or the City Planning Commission, the Department of City Planning shall conduct a study of the contemplated zoning proposal and shall propose permanent legislation. As to any controls which are placed in effect for more than six months, the staff of the City Planning Department

shall report to the entity imposing the controls six months from the date of the imposition of the controls and at least every six months thereafter. The report shall inform that body of (1) the status of the planning study, (2) the findings and recommendations to date, and (3) the estimated time of completion of such study and proposed permanent legislation. These reports shall be considered in a public hearing duly noticed in accordance with the rules of the body that imposed the interim zoning controls.

(Transit Impact Development Fee)

AMENDING THE SAN FRANCISCO ADMINISTRATIVE CODE, CHAPTER 38 THEREOF, BY ADDING SECTION 38.45 THERETO EXEMPTING PROPERTIES OWNED BY CHARITABLE ORGANIZATIONS AND USED BY THEM FOR CHARITABLE ACTIVITIES FROM THE TRANSIT IMPACT DEVELOPMENT FEE

Note: Additions are not underlined;
All sections are entirely additional.

Be it ordained by the people of the City and County of San Francisco:

Section 1. Chapter 38 of the San Francisco Administrative Code is hereby amended by adding Section 38.45 thereto, reading as follows:

Section 38.45 Charitable Exemptions.

(a) When the property or a portion thereof will be exempt from real property taxation pursuant to California Constitution, Article XIII, Section 4, as implemented by California Revenue and Taxation Code, Section 214, then the developer shall not be required to pay the Transit Impact Development Fee attributed to the net new office space in the exempt property or portion thereof, so long as the property or portion thereof continues to enjoy the aforementioned exemption from real property taxation.

(b) The Transit Impact Development Fee shall be calculated for exempt structures in the same manner and at the same time as for all other structures. The developer may apply to the Public Utilities Commission for an exemption pursuant to the standards set forth herein. In the event the Commission determines that the developer is entitled to an exemption under this section, it shall cause to be recorded a notice advising that the Transit Impact Development Fee has been calculated and imposed upon the structure and that the structure or a portion thereof has been exempted from payment of the fee but that if the property or portion thereof loses its exempt status during the ten-year period commencing with the date of the imposition of the Transit Impact Development Fee, then the building owner shall be subject to the requirement to pay the fee.

(c) If within ten (10) years from the date of the issuance of the Certificate of Final Completion and Occupancy, the exempt property or portion thereof loses its exempt status, then the property owner shall, within ninety (90) days thereafter, be obligated to pay the Transit Impact Development Fee, reduced by an amount reflecting the duration of the charitable exempt status in relation to the useful life estimate used in determining the Transit Impact Development Fee for that structure. The amount remaining to be paid shall be determined by recalculating the fee using a useful life equal to the useful life used in the initial calculation minus the number of years during which the exempt status has been in effect.

(d) In the event a property owner fails to pay a fee within the ninety (90) day period, a notice for request of payment shall be served by the Public Utilities Commission pursuant to Section 38.10 of this Chapter. Thereafter, upon non-payment, a lien proceeding shall be instituted pursuant to Sections 38.11 to 38.17, inclusive, of this Chapter.

AMENDING CHAPTER 38 OF THE SAN FRANCISCO ADMINISTRATIVE CODE BY AMENDING SECTIONS 38.1, 38.2, 38.5 AND 38.8 THEREOF AND BY ADDING SECTION 38.8.5 THERETO RELATING TO THE PRINCIPLES TO BE USED IN CALCULATING THE AMOUNT OF THE TRANSIT IMPACT DEVELOPMENT FEE AND PROVIDING FOR ADJUSTMENT TO THE TRANSIT IMPACT DEVELOPMENT FEE IN CASES OF CONVERSION FROM OTHER USES TO OFFICE USE TO INCORPORATE THE TRIP GENERATION RATE OF PRIOR USE SO AS TO ACCURATELY MEASURE THE INCREMENTAL IMPACT OF THE CONVERSION TO OFFICE USE ON THE SAN FRANCISCO MUNICIPAL RAILWAY.

NOTE: Additions or substitutions are underlined; deletions are indicated by ((double parentheses)).

Be it ordained by the people of the City and County of San Francisco:

Section 1. Sections 38.1, 38.2 and 38.5 of Chapter 38, the San Francisco Administrative Code, are hereby amended to read as follows:

Section 38.1. Definitions.

For the purposes of this chapter, the following definitions shall apply:

(a) BOARD. The Board of Supervisors of the City and County of San Francisco.

(b) CERTIFICATE OF FINAL COMPLETION AND OCCUPANCY shall mean a certificate of final completion and occupancy issued by the Superintendent, Bureau of Building Inspection, pursuant to the Building Code.

(c) CITY. The City and County of San Francisco.

(d) DOWNTOWN AREA. That portion of the City and County bounded by Van Ness Avenue as far north as Broadway, from Van Ness Avenue and Broadway easterly on Broadway to Sansome Street; then northerly on Sansome Street to the Embarcadero; then southeasterly on the Embarcadero to Berry Street; then southwesterly on Berry Street to De Haro Street; then southerly on De Haro Street to Alameda Street; then westerly on Alameda Street to Bryant Street; then northerly on Bryant Street to Thirteenth Street; then westerly on Thirteenth Street to South Van Ness Avenue; then northerly to Van Ness Avenue. The downtown area includes all property with an address on any of or within the area surrounded by the above enumerated boundary streets.

(e) GROSS SQUARE FOOT OF OFFICE USE. A square foot of floor space within a structure, whether or not within a room, to be occupied by, or primarily serving, office use.

(f) NEW DEVELOPMENT. Any new construction, addition, extension, conversion, or enlargement of an existing structure which includes any gross square feet of office use.

(g) OFFICE USE. Any structure or portion thereof intended for occupancy by business entities which will primarily provide clerical, professional or business services of the business entity, or which will primarily provide clerical, professional or business services to other business entities or to the public, at that location.

(h) PEAK PERIOD. The total number of minutes in an average working day, determined in accordance with Section 38.5(a), during which ((the passenger demand on)) the Municipal Railway ((system would require it to deploy)) deploys all its operable equipment so that the system experiences no excess vehicular capacity.

(i) PUBLIC TRANSIT SERVICE. Services of the Municipal Railway of the City and County of San Francisco.

Section 38.2. Findings.

All office uses in the downtown area are benefited by virtue of the availability of the Municipal Railway as a means of transit for employees and customers.

The demand for public transit service from downtown area office uses imposes a unique burden on the Municipal Railway, qualitatively different than the burden imposed by other uses of property in San Francisco. The need for that level of service provided by the Municipal Railway during peak periods can be attributed in substantial part to office uses of property in the downtown area.

New developments will bring increased need for public transit service in the downtown area during peak periods. The Municipal Railway will be burdened with the demands of transporting a larger number of passengers. Future increases in demand for public transit service are therefore attributable directly to new development in the downtown area increasing the number of persons using the Municipal Railway during peak periods.

This increased demand must be met not only by the acquisition of new rolling stock and the addition of new services, but also by the employment of additional personnel and fuel to operate the added facilities, and the maintenance, repair and replacement of the additional facilities as they wear out or become obsolete.

That level of additional cost incurred by the City in expanding and operating, maintaining, repairing and replacing its public transit facilities to accommodate the additional peak-period person-trips generated by office use in new developments can be translated into a cost per gross square foot of office use in the new developments. The cost of expanding

current services and adding new services is directly proportional to the amount of peak-period Municipal Railway travel generated by new development. Development of office uses causes more additional Municipal Railway peak-period person-trips, per square foot, than the development of any other use of property in the downtown area. It is desirable to impose the increased burden of serving such use, through a fee approximating the cost per square foot, directly upon the developer of new development generating the need.

Even though other uses such as retail use also generate Municipal Railway peak-period person trips (and even if a particular alternate use were to generate more such trips than do office uses), the Board refrains from imposing the Transit Impact Development Fee on such uses at this time, and in that regard finds: (1) The vast majority of new commercial space in the downtown area will be devoted to office uses, and the primary cause for new peak-period Municipal Railway passengers will be the development of new office uses; and (2) a significant proportion of the new retail and service uses which will hereafter be developed in the downtown area will be constructed in connection with new office developments and, for that reason, limitation of the Fee to office uses both ameliorates the economic impact of the Fee on developers of office space and encourages the development of projects with mixed uses consisting of office, retail and service uses.

Sec. 38.5. Transit Impact Development Fee Schedule.

This Transit Impact Development Fee Schedule is set at an actuarially sound level to insure that the proceeds from the Transit Impact Development Fee from each new development is sufficient, including such earnings as may be derived from

investment of all proceeds and amortization thereof, to pay for all capital and operating costs incurred in providing and operating additional required peak-period public transit service capacity, over the life of such new development; without, however, exceeding five dollars ($5.00) per square foot.

The following principles have been and, in the future, shall be observed in calculating the amount of the Fee:

(a) The times during the day which constitute the peak period shall be determined functionally as that period of time during which a decision to add additional scheduled vehicle runs would require Muni to purchase or lease additional vehicles because the existing available fleet is fully committed in the sense that vehicles are actually in revenue service, being held for deployment later in the peak period, in reserve, or scheduled for repair or preventive maintenance.

(b) State, federal and private operating and capital subsidies for the cost of providing additional peak period service shall be assumed only when and to the extent that receipt of such subsidies is reasonably probable.

(c) The calculation of future costs of providing service for additional passengers during the peak periods should assume no increase in the level of crowding for the system as a whole or material decreases in the frequency of service.

(d) The cost of electricity shall be calculated based on the price which the City could receive for such power were it sold to PG&E assigned customers rather than the cost at which it is furnished to the Municipal Railway by the Hetch Hetchy Water and Power Department.

(e) Costs and revenue attributable to trips taken outside the peak periods by office workers and visitors shall not be

included.

(f) In calculating the revenue from additional peak period trips, a weighted average fare (reflecting the frequency of trips paid for by cash fares as opposed to fast passes) shall be estimated. In making this calculation, the average fare for a fast pass trip shall be determined by dividing the cost of a fast pass by an estimate of the total number of trips per month (whether or not taken in the peak period) which will be taken by a fast pass purchaser. In projecting future revenues, peak period revenue shall be assumed to increase at the same rate as peak period operating costs.

(g) Where feasible, actual information for the fiscal year for which the fee is being calculated should be used. Where estimates must be made, those estimates should be based on such information as the General Manager of the Public Utilities Commission or his delegate considers reasonable for the purpose. Possible changes in the operation or productivity of the Municipal Railway shall be taken into account only if such changes are the announced policy of the Municipal Railway or the Public Utilities Commission and the impact of such change on peak period costs or revenues can be estimated with reasonable certainty.

The Transit Impact Fee Schedule shall be as follows:

FOR EACH GROSS SQUARE FOOT OF OFFICE USE
IN NEW DEVELOPMENT IN THE DOWNTOWN AREA. $5.00*

*Formula fee rate calculated ((at $9.18)) to be in excess of $5.00; limited to $5.00.

/ / /

Section 2. Section 38.8 of Chapter 38 of the San Francisco Administrative Code is hereby amended to read as follows:

Section 38.8. Setting of Fee.

Each developer, prior to obtaining a building permit for any new development in the downtown area after the effective date of this ordinance, shall file with the General Manager of the Public Utilities Commission, on such form as he may develop, a report indicating the number of gross square feet of the new development intended for office use. Each developer of a new development for which a building permit was issued prior to the effective date of this ordinance and for which a final certificate of occupancy had not been issued prior to the effective date of this ordinance shall file the same report prior to obtaining a final certificate of occupancy. The General Manager shall determine the number of gross square feet of office use to which the Transit Impact Development Fee Schedule applies, ((crediting the number of gross square feet of office use being eliminated as part of the project and)) disregarding the number of gross square feet of office use being retained, determine the useful life category if the Fee Schedule includes useful life categories, apply the fee schedule, and determine the fee which reflects the additional cost of peak-period public transit service generated by the office use in the new development. The applicant shall be notified of the General Manager's determination in writing. The General Manager shall mail a copy of his determination to the applicant. The applicant may appeal the determination of the number of gross square feet of office use subject to the fee, the adjustment factor described in Section 38.8.5(b), or the useful-life category if the fee schedule includes useful life categories, to the Public Utilities

Commission in order to reduce the amount of the fee obligation. If the applicant notifies the General Manager of his acceptance of the determination, or does not appeal to the Public Utilities Commission within 15 days of the date of personal service or mailing of notice of the General Manager's determination, the General Manager's determination shall be final, and a notice of such determination shall be provided the Central Permit Bureau. The Central Permit Bureau may not issue a building permit for any new development in the downtown area until it has received notice from the General Manager of the Public Utilities Commission or the Public Utilities Commission of the final determination of the amount of the Transit Impact Development Fee to be paid.

Section 3. Chapter 38 of the San Francisco Administrative Code is hereby amended by adding Section 38.8.5 thereto, reading as follows:

Section 38.8.5. Credits for Prior Use.

In determining the number of gross square feet of office use to which the Transit Impact Development Fee Schedule applies, the General Manager shall provide for the following credits:

a. For prior office uses, there shall be a credit for the number of gross square feet of office use being eliminated as part of the project.

b. For prior uses other than office use, there shall be a credit for the number of gross square feet of non-office use being eliminated multiplied by an adjustment factor to reflect the difference between office building peak period municipal railway trip generation rates and peak period municipal railway trip generation rates for other uses. The adjustment factor shall be determined by the General Manager as follows:

(1) The adjustment factor shall be a fraction, the

[illegible] the peak period municipal railway trip generation rate which the General Manager shall determine, in consultation with the Department of City Planning applies to the class of prior use being eliminated by the project.

(2) The denominator of the fraction shall be the peak period municipal railway trip generation rate for office use used in the most recent calculation of the Transit Impact Development Fee Schedule approved by the Board of Supervisors.

(3) Notwithstanding the foregoing, the adjustment factor shall not exceed 1.

Section 4. The Board finds and declares that the principles to be employed in calculating the amount of the fee as set forth in Section 1 above are wholly consistent with the Board's intention in enacting the Transit Impact Development Fee Ordinance, with the cost analysis presented to the Board by Bruce Bernhard at the time the ordinance was enacted (which, after correction of certain errors, estimated the loss per square foot to be $6.57, which estimate the Board accepts as reasonable), with the Transit Impact Development Fee Cost Studies for fiscal years 1980-81 and 1981-82 approved by the Board by Resolution 880-83, and with the revised Transit Impact Development Fee Cost Study prepared by Touche Ross & Co. dated February 22, 1984 making certain revisions to the estimation of the FY 1980-81 net present value of the loss which would be incurred in providing additional peak-period transit service (resulting in a net reduction of said loss from $8.60 to $8.36 per square foot). The Board hereby approves the assumptions, methodology and conclusions stated in said revised Transit Impact Development Fee Cost Study. The Board accordingly finds that as of the date the Ordinance was enacted, and at all times thereafter, the net

present value of the loss which would be incurred in providing additional peak period transit service was in excess of $5.00 per square foot.

Section 5. The Board of Supervisors intends that the portion of the amendment to Chapter 38 adding Section 38.8.5 be given full retroactive effect so that the credits allowed by Section 38.8.5 shall be afforded to all developers who have paid the fee or will hereafter be required to do so.

Section 6. The amendments to Chapter 38 set forth in Sections 2 and 3 of this ordinance shall not be effective unless and until, prior to June 25, 1984, the City Attorney has advised the Clerk of the Board that either (1) the Superior Court for the County of San Francisco has entered an order approving a partial settlement of Russ Building Partnership, et al. v. City and County of San Francisco, No. 780-795, providing that no claims for costs, attorney's fees or expenses may be sought by the class action plaintiff therein on account of the adoption of Section 2 and 3 of this ordinance; or, alternatively, (2) that the Superior Court has determined that no such court order approving such partial settlement is required by law.

AMENDING ORDINANCE NO. 105-64 GRANTING CABLE TELEVISION FRANCHISE BY AMENDING SECTION 8(a) THEREOF, BY CHANGING THE METHOD OF FRANCHISE PAYMENT BY ADDING A PROVISION THAT SPECIFIES FEES FOR ACCESS PROGRAMMING DEVELOPMENT AND REDUCING DIRECT PAYMENTS TO THE CITY

NOTE: Additions or substitutions are underlined; deletions are in ((double parentheses)).

Be it ordained by the People of the City and County of San Francisco

Section 8.(a), Ordinance No. 105-64 is hereby amended by amending Section 8.(a) thereof, by adding the following:

Section 8. (a) Within thirty (30) days after the date that the ordinance granting this franchise becomes effective, the Grantee shall pay to the City the sum of Two Thousand Five Hundred and no/100 Dollars ($2,500.00) as a purchase price of the franchise hereby granted. The Grantee shall, during the remaining term of this franchise, and during any holding over thereafter, beginning at this date when this ordinance shall legally take effect, and as a consideration for the granting thereof, and in consideration of amendments to this franchise mutually agreed upon by the Grantee and the City, pay to the City as a Franchise and permit fee and as further compensation for the rights and privileges granted hereunder, the sum equal to five per cent (5%) of its total gross receipts from Community Antenna System customers as defined in Section 19 hereof. The five percent (5%) fee on gross receipts shall be paid in the following manner. The Grantee shall pay four and eight tenths percent (4.8%) of its total gross receipts to the City. The Grantee shall disburse two tenths of one percent (.2%) of its total gross receipts from the same source for such access programming and development as is specified in Section 2A, Paragraph 4, in accordance with an annual plan of expenditures adopted by the Board of Supervisors by resolution. The Citizens Telecommunication Policy Committee shall provide recommendations to the Board of Supervisors relative to each proposed annual plan. In absence of such resolution in a given year, the 0.2% of gross revenue shall be paid to the City as a Franchise and permit fee. Said basis of computation has been hereby agreed upon between the parties hereto as a convenient and proper method of measuring the amount which the Grantee should annually pay as a franchise fee for the enjoyment of the franchise hereby granted, or of any or all rights or privileges granted hereunder. Such fee shall be paid to the City quarterly and the payment thereof shall be due on or before the end of each period of ninety (90) days succeeding the close of each quarter of a calendar year during which this franchise is in effect. The term "quarter of a calendar year" shall include any fraction thereof which may elapse from the granting of this franchise to the close of the next succeeding quarter of a calendar year, and also any fraction of a quarter which may elapse from the close of the last calendar quarter under this franchise to the date of its actual termination. Such payment shall be accompanied by a statement duly verified before a notary public showing in detail the total gross receipts as defined in Section 19 received by Grantee during the preceding calendar quarter. The Grantee of this franchise, and its successors or assigns, shall, at all times keep and maintain a full, true, and correct account of all the gross earnings and income arising out of operations under this franchise. Their said books of accounts and all other records shall at all reasonable times be open to inspection and examination within the City and County of San Francisco by the Controller of the City and his representatives, and by officers,

agents and employees authorized by the Board of Supervisors of the City, and shall be kept in such form as to enable the Controller and his representatives and such authorized officers, agents and employees to ascertain and check the amounts due the City and determine any other facts relative to operations under this franchise. The right is reserved to the City of audit and recomputation of any and all amounts paid under this franchise, and no acceptance of any payment made hereunder shall be construed as a release or as an accord and satisfaction of any claim the City may have for further or additional sums payable under the franchise, or for the performance of any other obligation hereunder.

SECTION V. OVERTIME COMPENSATION.

SEC. V.A. Appointing officers may require employees to work longer than the normal work day or longer than the normal work week. Any time worked under proper authorization of the appointing officer or his/her designated representative or any hours suffered to be worked by an employee, in excess of the regular or normal work day or week shall be designated as overtime and shall be compensated at one and one-half times the base hourly rate which may include a night differential if applicable, provided that employees working in a flex-time program shall be entitled to overtime compensation as provided herein when required to work more than eight hours in a day or eighty hours per payroll period. Overtime compensation so earned shall be computed subject to all the provisions and conditions set forth herein.

The Civil Service Commission shall determine whether work in excess of eight (8) hours a day performed within a sixteen (16) hour period following the end of the last preceding work period shall constitute overtime or shall be deemed to be work scheduled on the next work day.

No appointing officer shall require an employee not designated by a "Z" symbol in the Annual Salary Ordinance to work overtime when it is known by said appointing officer that funds are legally unavailable to pay said employee, provided that an employee may voluntarily work overtime under such conditions in order to earn compensatory time off at the rate of time and one-half, pursuant to the provisions of Section V.B.

2) If the appointing officer and the employee mutually agree, compensatory time off may be taken during the succeeding six (6) month period following the end of the fiscal year in which the compensatory time was earned. However, if the compensatory time cannot be enjoyed by the employee in said subsequent six (6) month period, he/she shall be paid in cash.

SEC. V.C. Recordation of Overtime. All overtime worked which is authorized by the appointing officer shall be recorded on separate timerolls.

Compensation for overtime worked as provided in this section shall be paid on an hourly basis. The Civil Service Commission shall establish a schedule of hourly rates and this schedule shall be in accordance with the provisions of Section 8.401 of the Charter.

Both full-time and part-time temporary employees must complete six (6) months continuous service before receiving the additional days, except in the San Francisco Unified School District and the San Francisco Community College District when a particular day has been determined to be a floating holiday for all of the employees in the department; provided further that all part-time temporary employees who are not regularly scheduled, but are employed on an as-needed, irregular intermittent or other irregular basis are ineligible for the additional days.

Provided, further, if January 1, February 12, July 4, September 9, November 11 or December 25 falls on a Sunday, the Monday following is a holiday.

In the event a legal holiday falls on Saturday, the preceding Friday shall be observed as a holiday; provided, however, that except where the Governor declares that such a preceding Friday shall be a legal holiday, each department head shall make provision for the staffing of public offices under his/her jurisdiction on such preceding Friday so that said public offices may serve the public as provided in Section 7.702 of the Charter. Those employees who work on a Friday which is observed as a holiday in lieu of a holiday falling on Saturday shall be allowed a day off in lieu thereof as scheduled by the appointing officer in the current fiscal year.

The San Francsco Unified School Distict and San Francisco Community College District may, for its own employees and employees regularly assigned from other departments, substitute for the holidays declared above an equal number of different holidays.

SEC. IV.B. Holiday Compensation for Time Worked. Employees required by their respective appointing officers to work on any of the above specified or substitute holidays, excepting Fridays observed as holidays in lieu of holidays falling on Saturday, shall be paid extra compensation of one additional day's pay at time and one-half the usual rate in the amount of twelve (12) hours pay for eight (8) hours worked or a proportionate amount for less than eight (8) hours worked, provided, however, that at the employee's request and with the approval of the appointing officer, an employee may be granted compensatory time off in lieu of paid overtime pursuant to the provisions of Section V.B. herein.

Employees whose holidays are changed because of shift rotations shall be allowed another day off if a legal holiday falls on one of their days off.

If the provisions of this section deprive an employee of the same number of holidays that an employee receives who works Monday through Friday, he/she shall be granted additional days off equal to such number of holidays. The designation of such days off shall be by mutual agreement of the employee and the appropriate supervisor with the approval of the appointing officer. Such days off must be taken within the fiscal year. In no event shall the provisions of this section result in such employee receiving more or less holidays than an employee on a Monday through Friday work schedule.

SEC. VI.D. Holiday Pay for Employees Laid Off. An employee who is laid off at the close of business the day before a holiday who has worked not less than five previous consecutive work days shall be paid for the holiday.

SEC. VI.E. Employees Not Eligible for Holiday Compensation. Persons employed for holiday work only, or persons employed on a part-time work schedule which is less than twenty (20) hours in a biweekly pay period, or persons employed on an intermittent part-time work schedule (not regularly scheduled) or persons on leave without pay status both immediately preceding and immediately following the legal holiday shall not receive holiday pay.

SEC. VI.F. Part-Time Employees Eligible for Holidays. Part-time employees who regularly work a minimum of twenty (20) hours in a

biweekly pay period shall be entitled to holidays as provided in Section VI.A. on a proportionate basis.

Regular full-time employees are entitled to 8/80 or 1/10 time off when a holiday falls in a biweekly pay period; therefore, part-time employees, as defined in the immediately preceding paragraph, shall receive a holiday based upon the ratio of 1/10 of the total hours regularly worked in a biweekly pay period. Holiday time off shall be determined by calculating 1/10 of the hours worked by the part-time employee in the biweekly pay period immediately preceding the pay period in which the holiday falls. The computation of holiday time off shall be rounded to the nearest hour.

The proportionate amount of holiday time off shall be taken the same fiscal year in which the holiday falls. Holiday time off shall be taken at a time mutually agreeable to the employee and the appointing officer.

SEC. VI.G. Time Off for Voting. If an employee does not have sufficient time to vote outside of working hours, the employee may request so much time as will allow time to vote, in accordance with the State Election Code.

Reimbursement shall be quarterly (July 1 through September 30, 1982 and each quarter thereafter) and shall be paid within two (2) months of the end of each quarter. At such time as the Health Service System is able to revise its deduction program, the dependent coverage portion of the payroll deduction shall terminate and the Department of Public Health shall make the required payments directly to the System.

SEC. VII.B. Dental Insurance. For fiscal years 1984-85 and 1985-86, the City agrees to maintain the existing and present level of dental benefits (dental care insurance) for the registered nurses in bargaining unit 8-D and 11-B at no cost to the employee. In the event the Charter is amended to provide dental insurance to all City employees, this provision shall become void except to the extent it is necessary to reimburse or pay employee dependent coverage costs pursuant to Section VII.A above.

When a position in the municipal service has been exempt from the Salary Standardization provisions of the Charter and becomes subject thereto, or when a position becomes subject to the Salary Standardization provisions of the Charter through acquisition of a public utility, the salary of the employee holding such position

shall be calculated by including credit for continuous paid or nonpaid service in the position immediately prior to its becoming subject to salary standardization.

SEC. IX.A.6. Appointive Position. An employee who holds an appointive position whose services are terminated, through lack of funds or reduction in force, and is thereupon appointed to another appointive position with the same or lesser salary schedule, shall receive a salary in the second position based upon the relationship of the duties and responsibilities and length of prior continuous service as determined by the Civil Service Commission.

SEC. IX.A.7. Reappointment With Six Months. A permanent employee who resigns and is subsequently reappointed to a position in the same classification within six (6) months of the effective date of resignation shall be reappointed to the same salary step that the employee received at the time of resignation.

SEC. IX.B. Compensation Adjustments.

SEC. IX.B.1. When an employee promoted to a higher classification during a prior fiscal year receives a lesser salary than if promoted in the same class and from the same salary step during 1980-81, his/her salary shall be adjusted on July 1, 1980, to the rate he/she would have received had he/she been promoted in 1981-82.

The Civil Service Commission is hereby authorized to adjust the salary and anniversary increment date of any employee promoted from one class to a higher classification who would receive a lesser salary than an employee promoted at a later date to the same classification from the same salary step in the same base class from which the promotional examination was held.

SEC. IX.B.2. When a classification that was formerly a next lower rank in a regular civil service promotional examination receives

through salary standardization a salary schedule higher than the salary schedule of the classification to which it was formerly promotive, the Civil Service Commission shall authorize a rate of pay to an employee who was promoted from such lower class equivalent to the salary he/she would have received had he/she remained in such lower class, provided that such employee must file with the Civil Service Commission an approved request for reinstatement in accordance with the provisions of the Civil Service Commision rule governing reinstatements to the first vacancy in his/her former classification and provided, further, that the increased payment shall be discontinued if the employee waives an offer of promotion from his/her current classification or refuses an exempt appointment to a higher classification. This provision shall not apply to offers of appointment which would involve a change of residence.

The special rate of pay herein provided shall be discontinued if the employee fails to file and compete in any promotional examination for which he/she is otherwise qualified, and which has a compensation schedule higher than the protected salary of the employee.

SEC. IX.B.3. When an employee is promoted under temporary appointment to a higher classification during a prior fiscal year and is continued in the same classification without a break in service in the current fiscal year, or is appointed to a permanent position in the same classification, such appointment shall be in accordance with the provisions of this ordinance, provided that the salary shall not be less than the same step in the salary schedule the employee received in the immediately prior temporary appointment.

SEC. IX.C.2. An employee who has acquired permanent status in a position and who is laid off because of lack of work or funds and is re-employed in the same class after such layoff shall be paid a salary which included credit for actual time served, either permanent or temporary, in the class prior to the layoff.

SEC. IX.C.3. An employee who has completed the probationary period in a promotive appointment that is two or more steps higher in an occupational series than the permanent position from which promoted who is subsequently laid off and returned to a position in an intermediate ranking classification shall receive a salary based

upon actual permanent service in the higher classification, unless such salary is less than the employee would have been entitled to if promoted directly to the intermediate classification. Further increments shall be based upon the increment anniversary date that would have applied in the higher classification.

SEC. IX.C.4. An employee who has completed the probationary period in an entrance appointment who is laid off and is returned to a classification formerly held on a permanent basis shall receive a salary based upon the original appointment date in the classification to which the employee is returned. An employee who is returned to a classification not formerly held on a permanent basis shall receive a salary in accordance with Section IX.A.3.(B) of this ordinance.

SEC IX.D. Notwithstanding any of the other provisions of this ordinance, no employee working in a federally funded position shall be paid at a rate less than the established federal minimum wage if that is a condition upon receipt of the federal funds.

SEC. IX.E. Longevity Premium. (Parade Regulations)

AMENDING PART II, CHAPTER VIII, ARTICLE 4, OF THE SAN FRANCISCO MUNICIPAL CODE (POLICE CODE) BY REPEALING EXISTING SECTIONS 366 THROUGH 373 AND SECTION 378 THERETO AND ADDING NEW SECTIONS 366 THROUGH 379, RELATING TO THE ISSUANCE OF PERMITS FOR PARADES.

Be it ordained by the People of the City and County of San Francisco:

Section 1. Part II, Chapter VIII, Article 4, San Francisco Municipal Code (Police Code) is hereby amended by repealing existing Sections 366 through 373 and Section 378.

Section 2. Part II, Chapter VIII, Article 4, San Francisco Municipal Code (Police Code) is hereby amended by adding new Sections 366 through 379 thereto, to read as follows:

Sec. 366. Definitions. For the purposes of Sections 366 to 379 inclusive, the following definitions shall apply:

(a) The term "approve", when used in connection with approval of an application for a parade permit by the Chief of Police, means that the Chief of Police has determined that none of the grounds for denying an application, as set forth in Section 369, exists, and that a permit is to be issued once the applicant complies with Section 367, pertaining to applications, and Section 368, pertaining to indemnification.

(b) A "business district" is that area adjacent to a public street in which: (1) 50 percent or more of the property fronting upon one side of the street, for a distance of 600 feet, is occupied by structures in use for commercial purposes; or, (2) 50 percent or more of the property fronting upon both sides of the street, considered together and for a distance of 300 feet, is occupied by structures in use for commercial purposes. A business district may be longer than the distances specified in this section if the above ratio of buildings in use for commercial purposes to the length of the street exists.

(c) "Chief of Police" includes the Special Events Unit or any representative designated by the Chief of Police.

(d) To "issue" a permit is to deliver to an applicant for a parade permit written permission to sponsor or hold an event at a specified date and location.

(e) A "parade" is an event, including an athletic event, in which a group of persons proceed as a collective body for more than one block on any street in the City and County of San Francisco, whether on foot or in any type of vehicle or on an animal or animals, which event obstructs or interferes with the normal flow of vehicular traffic. The following processions are not included in the definition of a "parade": (1) processions composed wholly of the military or naval forces of the United States or of the State of California; (2) processions incidental to a wedding or funeral; (3) processions composed of one or more governmental officials or candidates accompanied by security personnel to which such officials or candidates are entitled by virtue of their office or candidacy. Any event taking place entirely on property under the jurisdiction of the Recreation and Park Commission shall be exempt from this ordinance.

(f) "Person" shall include and mean any person, firm, association, corporation, club, organization or ad hoc committee.

Sec. 367. Permit required; procedure.

(a) Any person desiring to sponsor a parade on any street of the City and County of San Francisco, excluding streets on property under the jurisdiction of the Recreation and Park Commission, shall first obtain a permit therefor from the Chief of Police.

(b) Written application for such permit should be made to the Special Events Unit at least 60 days in advance in order to insure timely appeal of a denial of the application. However, all applications for permits shall be processed by the Chief of Police so long as they are received at least 15 working days in advance of the proposed date of the event; provided, however, that when the proposed event designates a route which passes through a business district, extends over an area which involves more than 5 intersections (not including alleys), anticipates a number of participants exceeding 250, or requires the Municipal Railway to substantially alter passenger routes or schedules, the applicant shall apply at least 30 days in advance of the proposed date; provided, further, that the Chief of Police may grant a permit to an applicant who applies less than 15 working days in advance if the Chief of Police determines that the permit application requires no substantial investigation or preparation of the route, which determination shall not be subject to administrative review.

(c) The time limitations prescribed above for the filing of a permit application may be waived by the Chief of Police if the applicant can show that the event or events giving rise to the permit application did not reasonably allow the applicant time to file within the time prescribed and imposition of the time limitations would place an unreasonable restriction on the right of free speech.

(d) Application shall be made on a form provided by the Chief of Police and shall include: the name, business and home address, and business and home phone number of the applicant (who shall be a natural person), of the sponsor of the event, and of the event organizer (that is, the person responsible for managing

and organizing the details of the parade); the relationship of the applicant to the sponsor; proof of the applicant's authority to act on behalf of the sponsor; a description of the route of the event; the names of all streets to be used; the number of participants anticipated; the starting time and expected finishing time of the event; and any other information requested in order to enable the Chief of Police to verify the information required in this subsection.

(e) Application for a permit shall be accompanied by a non-refundable permit application fee, in the amount set forth in Section 2.26 of the Police Code.

(f) Applications submitted 60 days or more before the date of the proposed event shall be processed within 30 days. Applications submitted between 30 and 59 days before the date of the proposed event shall be processed within 20 days. Applications submitted between 15 and 29 days before the date of the proposed event shall be processed at least 7 days before the date of the proposed event.

(g) Applications submitted less than 15 days before the date of the proposed event shall be processed within a reasonable time, which time shall be given to the applicant at the time the applicant is informed that the time limitations set forth in this section have been waived.

(h) If an application is not processed within the time specified in subsection (f), the applicant may obtain approval of a permit application by providing the Chief of Police with two (2) copies of a letter addressed to the Chief of Police, which letter sets forth the details of the proposed event and the date of the application and the fact that the application has not yet been processed. The applicant shall deliver one copy of the

letter and have the second copy file-stamped as proof of having complied with this section. If the Chief of Police does not process the application within 48 hours of delivery by the applicant of the letter described above, the application shall be deemed approved.

(i) The Chief of Police shall issue a permit immediately upon approval of the permit application, and execution and receipt of the indemnification agreement required by Section 368.

(j) The Chief of Police shall, as appropriate, transmit copies of any parade permit issued to the Chief of the Fire Department, the Department of Public Works, Emergency Hospital Service, Department of Public Health, and the General Manager of the Municipal Railway.

Sec. 368. Indemnification Agreement.

The applicant or sponsor of a parade permit must sign an agreement to reimburse the City and County of San Francisco for any costs incurred by it in repairing damage to City property which results from the actions of those sponsoring the event or authorized participants in the event, and to defend the City against and indemnify and hold the City harmless from any liability to any person which results from the actions of those sponsoring the event or authorized participants in the event. Execution of this agreement must occur at least one calendar week before the date of the proposed event, unless the application is not approved by that time, in which case the Chief of Police shall designate a reasonable time within which it is to be provided.

Sec. 369. Grounds for denial of application for parade permit. The Chief of Police shall approve an application for a parade permit unless he or she determines, from a consideration

of the application, or such information as the Chief of Police may otherwise obtain, or both, that:

(a) The Chief of Police has reasonable cause to conclude that the applicant or any person or persons participating in the parade will, in connection with that activity, cause physical injury to persons or substantial damage to property; or

(b) The conduct of the event will substantially interrupt the safe and orderly movement of other traffic contiguous to its route; or

(c) The conduct of the event will require the diversion of so great a number of police officers to properly police the line of movement and the areas contiguous thereto as to prevent normal police protection to the rest of the City and County of San Francisco; or

(d) The concentration of persons, animals and vehicles at the assembly areas of the event will unduly interfere with proper fire and police protection of, or ambulance service to, areas contiguous to such assembly areas; or

(e) The conduct of the event will interfere with the movement of fire-fighting equipment en route to a fire; or

(f) The conduct of the event will substantially obstruct or interfere with any construction or maintenance work scheduled to take place upon or along the public streets; or

(g) Another permit application has been received, and has been or may be approved, to sponsor a parade at the same time and place requested by the applicant, or so close in time and place that undue confusion or congestion would result, or the Police Department would bear an unreasonable burden in meeting the request for services by more than one applicant; or

///

(h) The parade will not move from its point of origin to its point of termination in four (4) hours or less, or such other reasonable time limit as set by the Chief of Police in light of all relevant circumstances; or

(i) The applicant fails to provide the information requested on the application form or to provide Police Department staff, when requested to do so, with further information in order to enable the Chief of Police to verify the information required on the application form; or

(j) The applicant fails to provide proof of approval from other governmental departments or agencies when such approval is legally required; or

(k) The applicant fails or refuses to comply with any condition reasonably imposed on the granting of the permit in order to insure the safety of event participants, members of the Police Department or the public, or to insure the orderly flow of traffic, or to avoid the likelihood of harm to public or private property, which conditions may include a change in the route of the event; provided, however, that nothing in this section shall be deemed to authorize the Chief of Police to impose conditions which unreasonably interfere with the right of free speech; or

(l) Other circumstances exist which make it likely that the event would significantly interfere with ordinary activities in the City and County of San Francisco.

Sec. 370. Procedure following denial of application. Upon the denial of any application for a parade permit, the Chief of Police shall inform the applicant of the reason or reasons for the denial in writing.

Sec. 371. Appeals. The Transportation and Traffic Committee of the Board of Supervisors is hereby authorized to act

as a "Committee on Parades" for the purposes of Sections 366 to 379, inclusive, of this Article.

The applicant may appeal the denial of an application for a parade permit, or the imposition of conditions on the issuance of a permit, to the Committee on Parades, if such appeal can be timely made. The Committee shall consider such appeal and may either concur in the action of the Chief of Police or overrule such action and order that the permit be approved. If the Committee orders that a permit be approved, it shall have the authority to impose only such conditions as are recommended by the Chief of Police.

Sec. 372. Revocation by Police Chief. The Chief of Police may revoke a parade permit if an emergency arises which makes it impossible to assign the necessary personnel to the event and still provide the personnel required elsewhere to protect the public, or if information is obtained after the permit is issued from which the Chief of Police reasonably concludes that the permit should not have been approved for reasons set forth in Sec. 369.

Sec. 373. Violation of permit conditions. If a parade deviates from the route approved by the Chief of Police or if participants violate any conditions contained in the permit, the police officer whom the Chief of Police has designated as the officer in charge of overseeing personnel necessary to police the event may, after warning the participants and providing them with an opportunity to return to the approved route or to follow the permit conditions, revoke the permit.

Sec. 374. Unlawful to sponsor or participate in a parade without a permit or to interfere with such event. It shall be unlawful for any person to sponsor a parade unless a permit has

been issued for the event, or for any person to participate in such an event with the knowledge that the sponsors of the event have not been issued the required permit or with the knowledge that a permit has been issued and subsequently revoked. Nor shall any person interfere with or disrupt a lawful parade undertaken pursuant to a permit, or participate in such event unless designated as a participant by its sponsor.

Sec. 375. Chief of Police to establish lines.

(a) The Chief of Police is hereby empowered to establish lines, if he or she deems it necessary, on both sides of the street along the proposed route over which a parade is to pass, and no person or vehicle of any kind, excepting those described in subsection (b), shall pass over or through said lines. Such lines may be established either by means of a physical barrier, such as a rope, or by designating a curb or some other line of demarcation as the line beyond which no person or vehicle is to pass.

(b) Notwithstanding the provisions of subsection (a), the following persons and vehicles are authorized to cross lines established along a parade route:

(i) Any city, county, state or federal peace or fire prevention officer or vehicle responding to an emergency call; or

(ii) Ambulances of public or private character, or any other vehicle when such vehicle is employed in carrying a sick or injured person to a hospital or other place for treatment or relief; or

(iii) United States Postal Service vehicles; or

///

///

(iv) Auxiliary fire apparatus or emergency vehicles when responding to a call to a fire, a burglar alarm, or other emergency call; or

(v) Any other person or vehicle, including regularly scheduled mass transit vehicles, whose passage is deemed necessary or convenient by the Chief of Police or the police officer whom the Chief of Police has designated as the officer in charge of overseeing Police Department personnel assigned to the event.

Sec. 376. Chief of Police to divert parade around fire, etc. In case of fire, accident or any emergency along the route of a parade, the Chief of Police or the police officer in charge of the detail on the streets along which the parade shall pass, is hereby given full power to divert the parade around such fire, accident or emergency, over and along the nearest cross street from such fire, accident or emergency and shall direct the return of the parade to the route originally authorized.

Sec. 377. Interference with City property prohibited. It shall be unlawful for any person to remove, displace or interfere with any socket, pole, wire, ropes or other property of the City and County of San Francisco used in connection with the regulation of a parade.

Sec. 378. Penalties. Any person violating any provision of Sections 366 through 379 of this Code shall be deemed guilty of an infraction and upon conviction thereof shall be punished by a fine not to exceed $500.

Sec. 379. Severability. If any of the provisions of this Article, or the application of such provisions to any person or circumstances, shall be held invalid, the remainder of this

///

Article, or the application of such provisions to the persons or circumstances other than those to which it is held invalid, shall not be affected thereby.
